

# Getting There Network

## Aim

To be the central access point for all transport information across the Hume Region of Victoria.

## What is the Getting There Network?

The Getting There Network provides a portal for all transport information, services and assistance programs as well as being a means for the better utilisation of transport assets in the community. The Network's network of services and information will assist in bridging the gap between public, commercial and community services throughout our Region; the Local Government Areas of Alpine, Benalla, Indigo, Mansfield, Mitchell, Moira, Murrindindi, Strathbogie, Shepparton, Towong, Wangaratta and Wodonga.

## How do I access the Getting There Network?

You can contact the Network Coordinator on 1300 704 530 or visit the Getting There Website.

## What is the Getting There Website?

The website [www.gettingthere.net.au](http://www.gettingthere.net.au) has been established by the Getting There Network to provide the communities of our region with the information needed to investigate local and intercity transport, travel assistance services, travel training services and local resources covering our region.

## What information is on the website?

From the Website, you will have access to:

- Transport Assistance Services
- Transport Experts
